Indian Society of Oncology

Welcome ISO Members

Dear Members

Welcome Editorial

It's our pleasure to present the first **Newsletter of The Year 2019**. The **Indian Society of Oncology (ISO)** was formed with an aim of bringing together the various disciplines of science working towards the amelioration of cancer. Reflecting the efforts put in to achieve this aim, The **Newsletter** features highlights of conferences, symposia and workshop organized by the **Indian Society of Oncology** either alone or in association with other cancer societies in the last few months.

The society is also planning to set up visiting fellowship grants to encourage young oncologist and promote research in cancer. Information on these visiting fellowship grants will be added in coming issues of the newsletter. and as we are approaching the **Annual Conference of ISO in November**, there is a notification regarding the vacant seats of the **Executive Committee** for which nominations are being invited.

We also cordially invite our members to share their activities and experience with us for the coming issues.

We hope this newsletter provides some insights into the activities of Indian Society of Oncology and is an enjoyable read.

Looking forward for your suggestions.

ISO Newsletter

Indian Society of Oncology

MESSAGE FROM PRESIDENT & SECRETARY - ISO

Dear Friends

With great pleasure and excitement we welcome you all to the **first e-newsletter** of the **Indian Society of Oncology in 2019**. This newsletter is the first of many that we will be e-publishing with news of the **ISO**, the conferences that we will be organizing and the conference's/CME's we will be associating with as partners. This will also include articles, case reports or any information related to Oncology in the public realm that any of the members wish to share with the members of the **ISO**. We hope to create a calendar of future events in Oncology to be held in India or abroad that will enable more members to participate as delegates or present their work which will be showcased here.

The new committee of the **ISO** takes its responsibility very squarely and hope that all participate in all the activities of the society be it the newsletter, conferences website or even just suggestions on how to improve the overall experience of being a member of this year Society.

Warm Regards

Dr. Dinesh Pendharkar
President-ISO

Dr. Dhairyasheel Savant
Secretary-ISO

Indian Society of Oncology

Dear Colleagues,

On behalf of the organizing committee of the “**ISO-ISMPO 2019 Conference**”, I feel privileged to invite you all to participate in the Biennial Joint conference of ISO (Indian Society of Oncology) and ISMPO (Indian Society of Medical & Pediatric Oncology), being organised under the aegis of “**The Cancer Society of MP**” to be held at **Sayaji Hotel, Indore** from **1st - 3rd November** “**Indore The Cleanest City in India**”.

The theme of the conference is

"Cancers in Indian Subcontinent - How to Manage Better?"

ISO-ISMPO Conference 2019 program will be designed to give practising oncologists a comprehensive overview of the latest information in the management of major cancers in the Indian subcontinent. The faculty will be comprised of internationally renowned experts who will present state-of-the-art developments and analyse the most current clinical data from the leading cancer centres and academic institutions across the globe.

We invite you to showcase your company and products to the oncology community. Kindly confirm your support for the conference to us at the earliest.

We Look forward to your active participation in the conference.
